WORK EXPERIENCE

Leelija Web Solutions Pvt. Ltd.   **Feb 2023 - Current**

MEDICY

Developed a comprehensive web-based stock maintenance portal for medicine stock management, test booking, report generation, and patient appointment scheduling. Designed responsive and user-friendly interfaces using **HTML, CSS, and Bootstrap** to ensure a seamless experience across devices. Built robust server-side logic and APIs with **PHP** for smooth functionality. Integrated advanced tools such as **Chart.js** for transaction data visualization, **Excel.js**, **jsPDF**, and **FileSaver** for report downloads, and **Cashfree API** and **Razorpay** for online payments. Utilized **PHP Mailer** for email communication, **JavaScript XLSX core min** for dynamic report creation, and **FPDF** for generating professional PDF reports. Created customizable dynamic reports with multiple filters using **JavaScript DOM**.

Successfully optimized code for performance and scalability through rigorous testing and debugging, ensuring timely project delivery and efficient portal operations. Additionally, implemented **Role-Based Access Control (RBAC)** for user-specific access and permissions.

Technologies used: HTML, CSS, PHP, MySQL, JavaScript, jQuery.
